QUESTIONNAIRE

To assist the Board of Commissioners in making appointments to the Planning Board, please respond briefly to the following questions. There is no right or wrong answer. Your responses will provide a framework for discussion with the Mayor and Commissioners.

Overview: The Planning Board consists of nine (9) members who reside within the corporate limits and at least two (2) ETJ members who are appointed by the Mayor and Commissioners. The Planning Board acts as an advisory body to the Board of Commissioners on all matters related to the growth and development of Huntersville. The Planning Board considers the facts relative to rezoning applications, new subdivisions and site plans, and ordinance amendments, among other issues. The Board formulates a recommendation on each matter, which in turn goes to the Commissioners for final action.

1. Please describe the areas of community service in which you have participated, in Huntersville or elsewhere.

Stewardship and Family Life Center Chairperson at North-east Seventh-Day Adventist Church where I also serve as an Elder.

I also am on the Patient Advisory Committee at Davidson Behavioral Health Hospital (a part of Carolinas Medical Center) or CHS

2. Briefly describe your vision for Huntersville in the next 10 to 15 years. What factors during that time will shape the growth of our community?

I see Huntersville continue to have smart growth but in a manner that it maintains and even enhances its highly educated and affluent base. This should be done in a manner that it somehow has a small town feel.

3. What obstacles do you see to achieving this vision?

I believe that the primary obstacle is not having a clear strategic vision and the ineffective implementation of that vision.

4. What special opportunities could be used to achieve your vision?

I am very analytical and could/would leverage these skills to analyze opportunities.

5. With rapid development occurring in Huntersville and the surrounding area, the character and growth patterns of our community are changing rapidly. Please discuss briefly any problems that you perceive, anything that you would like to change, and/or anything you find particularly appropriate to Huntersville.

The biggest problem is uncontrolled or unplanned growth. This is why it is paramount that accurate analysis of the future environment is essential.
