QUESTIONNAIRE

To assist the Board of Commissioners in making appointments to the Planning Board, please respond briefly to the following questions. There is no right or wrong answer. Your responses will provide a framework for discussion with the Mayor and Commissioners.

Overview: The Planning Board consists of nine (9) total members of whom at least seven (7) members shall reside within the corporate limits, appointed by the Town Board, and in no instance be less than one (1) ETJ member appointed by the Board of County Commissioners. The Planning Board acts as an advisory body to the Board of Commissioners on all matters related to the growth and development of Huntersville. The Planning Board considers the facts relative to rezoning applications, new subdivisions and site plans, and ordinance amendments, among other issues. The Board formulates a recommendation on each matter, which in turn goes to the Commissioners for final action.

1. Please describe the areas of community service in which you have participated, in Huntersville or elsewhere.
HOA president for last 8 years in Melbourne Neighborhood.
Volunteer football coach in JEFA league & HPRC for 6 years
Sunday School Director for 5 years in Michigan
Participated in several ministry activities at Lake Norman Baptist Church
2. Briefly describe your vision for Huntersville in the next 10 to 15 years. What factors during that time will shape the growth of our community?
I'm excited to see us developing downtown area and really creating an "all American Hometown feel. Much like a Birkdale but downtown. I also see managed residential growth, especially to the east side and even downtown. Road infrastructure will help shape growth as well as what job growth brings to our area.
3. What obstacles do you see to achieving this vision?
Financial obstacles will play a major part. Will need to work closely with the State and with business community to find funding! Strategic Planning will be critical making sure not to put the cart before the horse. ROADS FIRST.
4. What special opportunities could be used to achieve your vision?
Working with companies to bring their businesses (and tax revenue) to Huntersville will really help with financial need. Involving the community and gaining their support is also critical including local business leaders.
5. With rapid development occurring in Huntersville and the surrounding area, the character and growth patterns of our community are changing rapidly. Please discuss briefly any problems that you perceive, anything that you would like to change, and/or anything you find particularly appropriate to Huntersville.
Growth for the sake of growth is not good. We must mold our growth to develop the character we want for our Town. Will continue to expand but need to keep the small town feel. We can't let growth define us... we need to define the growth. I would truly be excited to be part of this planning.

Other comments:

I have been a resident of Huntersville since 2004 and have been active in my community. I really believe in serving others and it is very important to me. I've been married for 21 years, have a 14 year old son at Hopewell HS and a 21 year old daughter that will graduate from UNCC this spring. I love this town and want to do what I can to serve and help make our town even better! Thanks!
