Mr. Mueller

We have analyzed Holbrooks Rd. and have surveyed the Traffic and proposed future for this facility. In view of our findings, it is my recommendation that this facility have the proper pavement failures repaired/ patched followed by a 1.5 inch overlay. Holbrooks Rd. does not possess the pavement structure to accommodate the truck traffic it has experienced and will be subject to with the continued use your Company is planning. The facility has started to show signs of the stresses placed upon it, which will require abatement. If this facility is not repaired will have no choice, but to place a weight restriction to prevent further damages and deterioration. We trust that you understand our position. If you have any additional questions, please advise.

Louis L. Mitchell
District Engineer-Mecklenburg
NCDOT

Louis,

I have yet to respond to Mr. Mueller. Can you provide confirmation to him on your decision.

thanks,

Brett

Subject: NCDOT Meeting - Holbrooks Road

Brett,

Just checking in to see if you had heard any word from Louis Mitchell in regards to meeting about Holbrooks Road? I know this is a sensitive time in his life and we don't want to force him into work, but as stated previously this meeting is imperative to the continued operation of the North Mecklenburg C&D Reclamation Facility.

With the December 7th date with the Town Board of Huntersville fast approaching, Huntersville has sent us a message every day to ensure we are doing all we can to get this meeting finalized. Due to the nature of these conversations, we are under the impression that if we do not meet with Louis Mitchell & NCDOT the Town Board Meeting will not occur as scheduled and this would hinder our ability to continue operating as a C&D Reclamation Facility & Landfill due to the tight time line of the permitting process with the North Carolina Department of Environment and Natural Resources (NCDENR).

We appreciate your help in this matter and hope you had a great Thanksgiving Holiday.

Best Regards,

Mike Griffin
Justin Mueller
