## QUESTIONNAIRE

To assist the Board of Commissioners in making appointments to the Planning Board, please respond briefly to the following questions. There is no right or wrong answer. Your responses will provide a framework for discussion with the Mayor and Commissioners.

**Overview:** The Planning Board consists of nine (9) total members of whom at least seven (7) members shall reside within the corporate limits, appointed by the Town Board, and in no instance be less than one (1) ETJ member appointed by the Board of County Commissioners. The Planning Board acts as an advisory body to the Board of Commissioners on all matters related to the growth and development of Huntersville. The Planning Board considers the facts relative to rezoning applications, new subdivisions and site plans, and ordinance amendments, among other issues. The Board formulates a recommendation on each matter, which in turn goes to the Commissioners for final action.

1. Please describe the areas of community service in which you have participated, in Huntersville or elsewhere.  
I have served on my neighborhood HOA as Secretary and now as President. I  
belong to professional associations and have held board positions for CSI,  
IIDA and volunteer for my church when needed.

2. Briefly describe your vision for Huntersville in the next 10 to 15 years. What factors during that time will shape the growth of our community?  
I would like to see our Downtown area continue to establish itself as the heart of our  
city. Bring in specific businesses and strict architectural standards to unify visually  
the appearance through signage, lighting, and sidewalks. As the region continues to grow  
our infrastructure will need to keep up. I'd like to see a controlled growth to minimize  
the pains of expansion.

3. What obstacles do you see to achieving this vision?  
Possibly, funding. We will need to work with our neighboring cities to  
maintain the unity of Lake Norman.

4. What special opportunities could be used to achieve your vision?  
Keep the tax dollars in Huntersville by giving business owners an incentive  
to bring their business here. Green Building practices highlights projects  
with recognition and can bring attention to our city as a leader in socially  
responsible building.

5. With rapid development occurring in Huntersville and the surrounding area, the character and growth patterns of our community are changing rapidly. Please discuss briefly any problems that you perceive, anything that you would like to change, and/or anything you find particularly appropriate to Huntersville.  
As mentioned above I'd like to see downtown established. The building of  
Discovery Place is a great start. With the trend of work live buildings, I'd  
like to see downtown with this option as well as continue to develop the light  
rail or train system.

Other comments:

I have lived in many cities but didn't feel at home until I moved to  
Huntersville. I love the people and the country feel of my city. I will work  
hard to maintain the vision of the previous board and the good people of  
Huntersville.

The Town of Huntersville Board of Commissioners sincerely appreciates the interest of all citizens in the Town's advisory committees and urges the public to nominate qualified persons for membership. Nominations may be sent to:
