QUESTIONNAIRE

To assist the Board of Commissioners in making appointments to the Planning Board, please respond briefly to the following questions. There is no right or wrong answer. Your responses will provide a framework for discussion with the Mayor and Commissioners.

Overview: The Planning Board consists of nine (9) total members of whom at least seven (7) members shall reside within the corporate limits, appointed by the Town Board, and in no instance be less than one (1) ETJ member appointed by the Board of County Commissioners. The Planning Board acts as an advisory body to the Board of Commissioners on all matters related to the growth and development of Huntersville. The Planning Board considers the facts relative to rezoning applications, new subdivisions and site plans, and ordinance amendments, among other issues. The Board formulates a recommendation on each matter, which in turn goes to the Commissioners for final action.

1. Please describe the areas of community service in which you have participated, in Huntersville or elsewhere.

foster animals for "CACND"
Neighborhood HOA board
The Love church - make weekly lunches for lower income kids in the
summer.

2. Briefly describe your vision for Huntersville in the next 10 to 15 years. What factors during that time will shape the growth of our community?

As a lifelong resident of Huntersville I have watched the community
grow to what it is today and I am proud to call it home. Major
interstate and exit improvements will continue to be a driving force in
the growth of the community. Continuing to improve the road infrastructure
and creating great schools will have a large impact on our continued growth.

3. What obstacles do you see to achieving this vision?

There's definitely a lot of talk lately about improving roads in our area.
I think we need to have calm dialogue, look at the facts about what
funding is available for these improvements, and act accordingly. In regards
to schools, we need to look at existing and emerging population density and
compare that to any gaps that may become prevalent.

4. What special opportunities could be used to achieve your vision?

I would need to brush up on the current town budget and develop
a better understanding of the landscape before I could give a
better answer to this question. I am eager to listen, learn and
provide input appropriately.

5. With rapid development occurring in Huntersville and the surrounding area, the character and growth patterns of our community are changing rapidly. Please discuss briefly any problems that you perceive, anything that you would like to change, and/or anything you find particularly appropriate to Huntersville.

I think Huntersville has developed a reputation for being a family focused,
healthy community. Encouraging partnerships with organizations like
Discovery Place have been a shining example of what I think we
should continue to pursue as a town, family friendly positive impact
businesses. I think increased mobility through the area will drive
residential and commercial development.

Other comments:

Thank you for taking the time to review my application. I think I would be an excellent addition to the Planning Board. I look forward to the opportunity to join the board if a space becomes available.

The Town of Huntersville Board of Commissioners sincerely appreciates the interest of all citizens in the Town's advisory committees and urges the public to nominate qualified persons for membership. Nominations may be sent to:
